Product description

PORTHOLE FOR DOORS STAINLESS STEEL GLOSSY phi 230 mm

PORTHOLE FOR DOORS, which is in our offer, is a wonderful porthole with a diameter of 230 mm to be fitted to the inner door. It fits perfectly into standard door sizes. The rings are made of stainless steel glossy, while the glass is matte.

The offered set includes:

- Ring from glossy stainless steel with holes - 2 pieces,
- Glass matte - 2 piece,
- A set of nuts and bolts.

Nuts:

A coupling nut.

Attention!

When ordering, please specify the thickness of your door, where the porthole will be installed.

The porthole's installation:

1. Cut a hole in the door according to the table ("Dimensions portholes").
2. Attach one part of the porthole to door and mark places to drill holes for the screws.
3. Drill the drill holes for the screws.
4. Screw the porthole together with a set of bolts and nuts.
5. and it's ready!

The installation of a porthole is very easy! Go for it!
